CONSENT TO TREATMENT

Health care providers are required to advise patients of the nature of the treatment to be provided, the risks and benefits of the treatment, and any alternatives to the treatment.

There are some risks that may be associated with treatment, in particular you should note:

1. While rare, some patients have experienced rib fractures or muscle and ligament sprains or strains following treatment.
2. There have been rare reported cases of disc injuries following cervical and lumbar spinal adjustment although no scientific study has ever demonstrated such injuries are caused, or may be caused, be spinal or soft tissue manipulation or treatment.
3. There have been reported cases of injury to a vertebral artery following osseous spinal manipulation. Vertebral artery injuries have been known to cause a stroke, sometimes with serious neurological impairment, and may on rare occasion, result in paralysis or death. The possibility of such injuries resulting from cervical spine manipulation is extremely remote.

Osseous and soft tissue manipulation has been the subject of government reports and mulch-disciplinary studies conducted over many years and have demonstrated it to be highly effective treatment of spinal conditions including general pain and loss of mobility, headaches and other related symptoms. Musculoskeletal care contributes to your overall well being. The risk of injuries of complications from treatment is substantially lower than that associated with many medical or other treatments, medications, and procedures given for the same symptoms.

I acknowledge I have discussed the following with my healthcare provider:

1. The condition that the treatment is to address.
2. The nature of the treatment.
3. The risks and benefits of that treatment.
4. Any alternatives to that treatment.

I have had the opportunity to ask questions and receive answers regarding the treatment.

I consent to the treatment offered or recommended to me by the healthcare provider, including osseous and soft tissue manipulation. I intend this consent to apply to all my present and future care with _____ (*health care provider's name*).

ALLMED
MEDICAL CORP
PAIN MANAGEMENT AGREEMENT

This is an agreement between

and Dr. Mikhail Palatnik.

(Patient Name)

The goal of my therapy is to reduce my pain to a level that is tolerable and will allow me to improve my ability to perform daily activities. I understand that daily use of narcotics increases certain risks, which includes but are not limited to:

- Addiction
- Allergic reactions, overdose, and/or fatal complications
- Breathing problems
- Drowsiness, dizziness and/or confusion
- Impaired judgment and inability to operate machines or drive motor vehicles
- Nausea, vomiting, and/or constipation
- Development of tolerance

I agree to the following guidelines:

1. I will take this medication only as prescribed and I will not change the amount or frequency without authorization from my physician. Unauthorized changes may result in my running out of medication early, and early refills will not be allowed. (see #2)
2. I understand that due to the high potential for abuse of these medications, the following rules apply: I will NOT be allowed to obtain early refills or receive replacement of lost or stolen medication. Refills will only be provided during regular office hours.
3. I will obtain ALL of my prescriptions through Dr. Palatnik and will fill ALL of my prescriptions at (pharmacy name)_____. In an acute emergency, another provider may prescribe medications for me. If this occurs, I will notify my primary care physician as soon as possible.
4. I will submit to random urine or blood tests if requested by my physician to assess my compliance.
5. I agree to see Dr. Palatnik for ongoing case management and will keep regularly scheduled appointments as long as I am taking this narcotic medication.
6. If I do not follow these guidelines, I understand that my treatment may be terminated.

I have discussed the risks, benefits, and alternatives to narcotic treatment with my provider. I have had an opportunity to ask questions and receive answers to those questions to my satisfaction.
